Notice to Primary Voters

- The Presidential Nomination Primary (PNP) allows
 Minnesotans to take part in selecting a major political
 party nominee for President of the United States. This
 primary replaces the "preference ballots" (straw poll) that
 were cast for President at party caucus meetings in the
 past.
- PNP voters must be eligible to vote in the State of Minnesota on the day of the PNP.
- Each major political party will have its own ballot listing only that party's candidates for President and if the party chooses, uncommitted or write-in.
- The results of the presidential nomination primary must bind the allocation of the Minnesota major political party's delegates.
- Before voting, election law requires that you select which major political party's ballot you want. If you refuse to select one party's ballot, you cannot vote.
- Your choice of major political party will not be public information, except that it will be made available to election officials and to the chairs of each major political party after the primary.

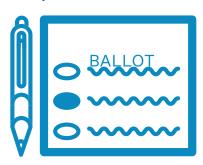

How to Vote in the Presidential Nomination Primary

You will receive that party's ballot with only their candidates, and, if requested by the party uncommitted and/or write-in, listed on the ballot. You will receive instructions on how to mark the ballot.
