ANNUAL BENEFIT REPORT

PREPARED BY

**APEX WATER SOLUTIONS
A MINNESOTA
SPECIFIC BENEFIT CORPORATION**

www.apex-co.us

March 12, 2020

HISTORY OF APEX

Apex Water Solutions was founded in 2018 in order to provide a dedicated focus on providing innovative water treatment solutions.

Apex Water Solutions was incorporated as a Minnesota Public Benefit Corporation on May 10, 2018.

Apex's goal is to improve the environment by treating wastewater to a higher standard than what has traditionally been possible. The company also serves the less fortunate by helping alleviate poverty, improving educational opportunities, providing housing and addressing the exploitation of children.

PURSUIT OF OUR MISSION

Regarding the period covered by this report, January 1, 2019 to December 31, 2019, Apex Water Solutions pursued the specific benefit purpose stated in its articles of incorporation in the following ways.

Apex Water Solutions works with commercial and industrial clients to treat their wastewater streams, removing contaminants that are normally released into the environment. With our treatment processes and technologies, it's possible to not only recover pure water, but we can also recover the valuable nutrients and fertilizers in a way that is cost effective, environmentally friendly and energy efficient.

We believe that Apex Water Solutions was successful in achieving the goals of our specific benefit purpose in the following ways.

Apex Water Solutions has completed testing at a number of potential client sites, as well as at our in-house testing facility. We currently have a number of projects under construction, however the projects that started in 2019 did not reach final completion by the end of the year.

As a Specific Benefit Corporation in MN we strive to alleviate poverty and homelessness, as well as improve education opportunities and address the exploitation of children. We tithe corporate profits into the Apex Foundation to assist with this mission.

APEX FOUNDATION

It is our goal at Apex to continuously improve the world through the implementation of fiscally-responsible and environmentally-friendly projects. Plus, we actively work to improve the community around us and abroad by dedicating a portion of each year's profits to these causes. Half of Apex Foundation's assets are used to help in the local community. The other half of the assets are used globally to help fight poverty and injustice.

In 2019, Apex donated \$3,000 each to six local nonprofits in and around the twin cities. On top of the monetary donations Apex employees enjoy getting hands-on with the non-profits that we support and partner with. In February, Apex employees volunteered their time with The Dwelling Place and installed flooring at a newly remodeled home, which provides a safe place for women and children to stay.

Again, in December, Apex employees volunteered their time to help Anoka Community Mission with the removal and installation of ceiling tiles throughout the building. These new ceiling tiles helped to bring the building up to code so ACM can continue their vision in running a fully functional food distribution program to the people of Anoka County, along with their many other services that they offer to families in need.

In April 2019 two of Apex's employees went to Haiti for one week. On that trip they helped with a variety of needs throughout the community of Williamson, Haiti. There were solar panels installed on the sewing building where local Haitians are trained to become tailors and seamstresses. They also helped to install a septic system near the sewing building so the bathrooms that are being built can be completed and used, bringing flush toilets to the students and staff in the sewing program. They also met with local families and were able to help start a loan program for local Haitians who are interested in starting their own business, allowing them a way to provide for their families.

CERTIFICATION BY THE BOARD MEMBERS

The undersigned, being all the directors of Apex Water Solutions, SBC, hereby acknowledge and certify that we have reviewed and approved the enclosed Annual Report.
