### **How the Corporation Has Pursued General Public Benefit**

TCC has pursued the following:

- We have implemented the IRIS and CHMI collaboration third-party standards listed above.
- We have built a training and consultation group with family law attorneys who work with families experiencing divorce, focused on increasing their skills in helping them mitigate damage to the family system and children.
- We continue to innovate in the services provided to families that experience extremely high conflict that more rapidly reduces the conflict and the immense suffering experienced by the children in these family situations. These service innovations include supervised parenting, mediation, parent coaching and family therapy.
- We incorporated an innovation meeting internal to TCC focused on generating new ideas and strategies to improve the effectiveness of our work and reduce the suffering of families in distress.

### **The extent of the ways in which the corporation has created general public benefit:**

The following are ways TCC has created general public benefit:

- TCC continues to support the Second Saturday program that provides information and resources to individuals entering divorce in order to help them reduce the potential damaging impact of divorce. TCC provides pro bono staffing for these monthly events.

## TRAVERSE COUNSELING & CONSULTING, GBC

*Traverse: To pass over, along or through*

- TCC continues to facilitate and organize a no cost consultation group for two public school counselor groups to assist them in increasing their skills in assisting children to manage stress. These groups meet approximately monthly during the school year.
- TCC continues to facilitate and organize a Mental Health/Family Law consult group which meets monthly. This is a program where we have trained a cohort of family law attorneys on the challenges experienced in the divorce process and continue to provide them with support.
- TCC has negotiated fees for service and routinely discounts services to accommodate different financial circumstances. This is a policy that we continue to provide to our clients.
- TCC participated and supported Tonka Cares, a drug free community coalition located in Minnetonka, Minnesota
- TCC continues to do extensive community outreach in the surrounding communities.

**Any circumstances that have hindered efforts to pursue or create general public benefit:**

The hindrances we experience are those commonly experienced by any company, including hiring new staff and service innovation. These hindrances have been easily overcome through hard work, trust, and teaming.
