RE: Annual Benefit Report of The Station GBC

Our company pursued general public benefit with reference to independent third-party standard, Impact Assessment, by using local suppliers, focusing on serving a local underserved market, and using energy efficient and sustainable technologies to maximize net-positive impact. B-Lab's Impact Assessment is being applied in a manner consistent with the application in prior reports.

Activities that correlate directly with B-Lab's Impact Assessment include:

- Researching banks who are benefit corporations to change our checking account to
- Using energy efficient companies to stage, host, and secure our website
- Improving sustainability of our policies and procedures

The main circumstance that hindered efforts to pursue or create general and specific public benefits was limited financial resources.

This annual benefit report was approved by our board of directors on 3/29/24.
