Highlights of the Year

One of our most exciting highlights of last year was commissioning a brand new golf hole concept for our new course, which will be debuting in 2025, from Jelle Bakker of the world renowned Jelle's Marble Run to design and build a new concept for a marble run golf course. Jelle Bakker is the genius behind Jelle's Marble Runs. Jelle is autistic and his passion for marbles started at a very young age. Despite many challenges, he has created the number one marble racing channel on the internet and has been featured on many shows including John Oliver. Launching his own marble brand is the culmination of lots of hard work and he hopes to inspire the next generation of STEM thinkers!

Steve Solkela - Finnish 24 Piece 1 Man Band from The Iron Range. He travels the world performing comical songs while riding a unicycle, playing accordion with cymbals on his head and many other instruments! Our guests were captivated by his bizarre act each time he performed. Some were visiting from out of state and were so entranced by him that they opted to stay in the entertainment room for his entire show instead of playing mini golf!

Count Spookula - Local Halloween musician who wears a jack-o-lantern for a face and is accompanied by guitarist, Wet Spider and bassist Man Witch. Their costumes are as intricate as their music and our guests enjoyed them so much we had them for a Friday The 13th Show, AUGtoberfest and our annual Halloween party. They have a huge following and kept our entertainment space packed with guests each time.

Drumeoke - Karaoke with a percussionist twist, hosted by Zac & Ski! Pick a song any song and drum along! These guys earned a monthly residency and pack the room every first Thursday of the month! Our guests love Drumeoke and often call and email to let us know they are coming.

Marimba Matt - Matthew Silverberg, a percussionist, composer and educator performs video game music on a marimba! His music is the perfect ambience to a quieter day and our guests trickle in and fill the room when he plays. He puts together fun video game tournaments, organizes Pokemon Day and Mario Day for us as well! He has ties to VGM con and has traveled the world performing at video game conventions. Our relationship with Matt and the video game community is beneficial for business as they draw in lots of gamer fans!

HUNNY BEAR - A Jazz Funk Fusion Quartet from Minneapolis. They put together a bi-monthly show here with a variety of musicians and visual artists. They are all so kind

and professional with their own fan base and promote their shows well. They are all very talented and draw our guests into the room with their easy going soulful tunes.

With regard to the period covered by this report, January 1st 2022 to December 31st 2022, Can Can Wonderland, SBC pursued the specific benefit purpose stated in its articles in the following ways:

In 2023 we hired a new Programming Manager, Regina Bailey, and in 2024 she really shined in finding new talent, utilizing both of our stages all year, and reaching out to new artists and performers that we have never worked with before to continue our reach of support to the artist community.

The following is a description of how we believe we succeeded in achieving the goals of our specific benefit purpose:

Can Can Wonderland proudly paid out \$228,432 to all of our artists we have worked with in 2024.

The following is a description of what prevented us from achieving the specific benefit purpose stated in our articles:

We were not prevented from reaching our goals, 2024 was our highest payout to artists so far!

Certification by the Board of Directors
